Management Discussion & Analysis

The global IT services market continued its resilient trajectory despite macroeconomic uncertainties. Clients are increasingly investing in AI-led transformation, cloud migration, and digital operations. Infosys' Topaz AI platform saw strong adoption with 280+ enterprise deployments. Key verticals — Financial Services (31.2%), Retail (15.8%), Communication (12.5%), and Manufacturing (10.1%) — all delivered positive growth. Headcount optimization through AI-driven productivity improved utilization to 83.4%. Infosys Limited is an Indian multinational technology company that offers information technology, business consulting, and outsourcing services. Founded in 1981 by seven engineers, the company is headquartered in Bengaluru and considered one of the Big Six Indian IT companies.
